

PCareer Guidance, Training, Placement (20)

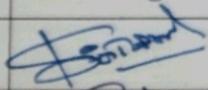

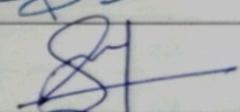

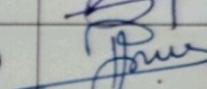

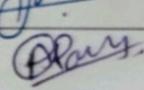

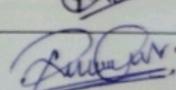

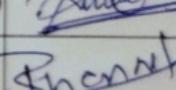

A Availability (05)

The training and placement cell have been formed for the job placement and in-plant trainings of students. Training and Placement (T&P) Cell maintains a strong bond between Institute and industry in various ways. It interacts with the industry frequently by arranging visits, encouraging students to carry industrial projects and trainings, reciprocating the feedbacks of students to departments, inviting experts from industry for involving them in our academic programs to enhance program outcomes

T & P Cell takes care of students by providing trainings to make the students best fit for the industry. Students are provided with several opportunities, including participation in multi-national companies, competing in technical events to make them perfectly fit for industry. T & P Cell displays company details and job profiles on notice boards before a company visits the Institute.

Our students placed in National and Multi-national companies are mostly through campus recruitment. The placement activities run around the academic year mostly for core industries. Our students are placed in reputed companies like Bharat Forge, Essa saleh AI Gurg Group, RDC concrete, Mahindra and Mahindra, TATA Motors, Bajaj Auto, Cipla Pharma ,L&T, KSPG Automotive, Kalokhe, RMC, Brembo brake LTD etc.

Training & Placement Cell
